**THE JEFFERSON ENGAGEMENT.**

It will Doubtless be the Event of

the Season.

"Ole Olson," the New Swedish Comedy,

To-Morrow Evening—Some Inter-

esting Gossip from Stage and Foyer

About Plays and Players.

The coming week will be notable in two

respects. One is that two very excellent

productions are booked, and the other is

that the house will be dark three nights

out of the six. On Monday evening the

New Swedish dialect comedy Ole Olson will

be made known, and on Thursday Joe Jeffer-

son, supported by Louis Masses, Mrs.

John G. Brown, Miss Viola Allen and others

almost as famous, will present Sheridan's

comedy "The Rivals." On Saturday evening

a paucorant entertainment of views in the

Holy Land will be given, admission,

matinee and evening, being 15 cents.

Ole Olson.

The Swedish comedy success, Ole Olson,

will be produced at Greenwall's opera

house Monday, February 8, for one night

only.

In this work-a-day world of ours, which

the late Mr. Dickens spoke about so feel-

ingly, novelty and originality are sought

and the house will be dark three nights

out of the six. On Monday evening the

New Swedish dialect comedy Ole Olson will

be made known, and on Thursday Joe Jeffer-

son, supported by Louis Masses, Mrs.

John G. Brown, Miss Viola Allen and others

almost as famous, will present Sheridan's

comedy "The Rivals." On Saturday evening

a paucorant entertainment of views in the

Holy Land will be given, admission,

matinee and evening, being 15 cents.

Ole Olson.

The Swedish comedy success, Ole Olson,

twelve Bob, Faulkland and Capt. Absolute,

during all of which Mr. Jefferson's part

was as a mirror which reflected the varied

reflections of whimsical coxcombs, self-

gratulation, the desire to be thought the

perfect society man and the confidant of a

popular belle.

**Told in the Dressing Room.**

Mr. R. B. Mantell has an offer to head a

stock company in New York next season.

The MacLean-Prescott company did a

splendid business in Boston last week, and

received the warmest kind of a reception.

Col. William E. Sinn has bought "Hus-

band and Wire" from T. Henry French, and

will produce it at the New York Grand

Theater on Monday with Miss Cora

Tanner as the star.

Demian Thompson is undergoing a surgi-

cal operation in Philadelphia for the re-

moval of a growth from one of his nostrils.

Fanny Davenport is testing this week,

but will appear at the New York Grand

opera house next week in a grand produc-

tion of "Cleopatra." She is very proud

just at present, because her business so far

this season averages \$300 a week. There

are many who say that Miss Davenport's

conception of Egypt's queen is better than

Sarah Bernhardt's.—(Dunlop's Stage

News.

"Charlie" Pratt, for many years Emma

Abbott's manager, but of late half owner

and manager of the Colman house in New

York, has sold out his interest in that hotel

and will return to operating business. Mr.

Pratt is said to have found "a second Ab-

bot."

In spite of prodigious booming "Yon

Yonson" has been a failure in New York.

It is said that no character so un-

interestingly stupid as the Swede has ever

been put on the stage, and in that way it

has gained distinction, having coined a new

word. An unutterably stupid bore is called a

Yon Yonson.—(Dunlop's Stage News.

Beware of Ointments for Catarrh of the

Uterus. As mercury will surely destroy the sense

and smell and completely change the whole system

when entering the mucous surfaces.

Such articles as these never be used except on

prescriptions from reliable physicians, as the

damage they will do to the food you can

possibly get from them. Hall's Catarrh

Cure, manufactured by F. J. Cheney & Co.,

Toledo, Ohio, contains no mercury, and is taken

internally, and acts directly upon the blood and

mucous surfaces of the system, and by

buying Hall's Catarrh Cure, you are assured of

the cure. It is taken internally, and is made in

**Commercial Notes.**

Ocean freights continue dull the world

over.

Yesterday's cables indicate that fears of

free silver here are having a decided influ-

ence abroad.

It is reported to-day that Minneapolis has

sold 1,000,000 of cash wheat for export in the

past five days.

The four Atlantic ports cleared Thursday

43,449 bushels wheat, 31,301 packages flour,

431,832 bushels corn, 91,000 bushels oats and

138,733 bushels rye.

There was a decrease in the net gold in

the treasury, coin and bullion, during Janu-

ary of \$1,165,830. The amount of gold

certificates in circulation increased during

the month \$15,073,840.

The unusually low prices for both silver

and cotton and the continued strength of

foreign exchange are being used as an ar-

gument against higher prices.

Thursday's Cincinnati Price Current

says: Kansas advices are a little more

discouraging concerning wheat, otherwise

the situation is well maintained. Wheat

is still withheld at the interior. At current

prices the movement is small. Corn is a

little more freely offered.

There is said to be a shortage in March

in Chicago corn of about 1,500,000 bushels.

It is predicted that the contract stock, be-

cause of loading into vessels and because of

the fact that no contract corn is being re-

ceived, will by March 1 be reduced to less

than 500,000 bushels. The situation, of

course, suggests the possibility of a little

March bull whiff. It is expected that from

now on charters will be made rapidly and

that the stock will be transferred each day

from the houses into the holds of vessels.

The comptroller of the currency has de-

clined to pay an additional dividend of 30

per cent on the claims proved against the

Maverick national bank of Boston, Mass.,

declared on the 15th ultimo. The affairs of

the bank have been handled with great

promptness by Receiver Beal, the bank

being called only three months ago. The

dividends thus far declared will pay out of

the collections.
